

WMS SYSTEMS & PROCESS MANAGER

Join an employer known for the extended benefits their employees enjoy.

Provide specialist WMS and process improvement expertise.

Senior role within a fast paced regional distribution logistics team - Warriewood.

Blackmores is a market leader in developing and marketing products and services throughout Australasia that deliver a more natural approach to health. We are passionate about delivering high quality products and services and we always seek to employ people who share this vision.

As part of the Central Services Group – Distribution, we seek an experienced logistics professional with specialist WMS and process improvement expertise to further enhance the efficiencies, accuracy and general processes with our regional warehouse distribution operations.

Reporting to the National Warehouse and Distribution Manager, you will monitor and analyse inventory movements within the various Blackmore's Warehouses to ensure inventory accuracy and integrity. Provide systems training and support to the warehouse teams and continually review WMS options with a view to minimising manual processes.

Our warehousing reach incorporates domestic and regional channels across the Asian region. Combined with a strong technical knowledge of WMS frameworks', you will have a level of understanding and application of process improvement methodologies.

On offer is the chance to gain entry into a leading Australian business with International operations. An appropriate remuneration package designed to attract the right applicant will be provided and access to the company profit share scheme will also be offered.

You will demonstrate a willingness to embrace **Blackmores** values - a passion for natural health, integrity, respect, leadership and social responsibility. In this context you will be working with a company that is at the forefront of the health and wellbeing community on the Internet, with a strong customer focus and real passion in all we do.
